Sullamussalam Science College Information

1. Vision and Mission

Sullamussalam Science College is committed to educating minds in the pursuit of truth and uplifting the status of rural and socially marginalized communities through education. Its mission focuses on guiding students toward intellectual transformation with a global outlook. The college is anchored by core values that define its identity and guide its actions, including academic excellence and integrity, outstanding teaching and service, scholarly research, and professional leadership. It emphasizes the integration of teaching, research, and service, while promoting individual and collective excellence, diversity, equity, and social justice. The college supports education across the lifespan and fosters collegiality and collaboration in all endeavors, creating a supportive academic community.

2. College Overview

Sullamussalam Science College is a first-grade aided institution affiliated with the University of Calicut, approved by the University Grants Commission (UGC), and accredited by the National Assessment and Accreditation Council (NAAC). Located one kilometer from Areekode on Vazhakkad Road, the campus is situated on the scenic hills of Perumparamba along the banks of the Chaliyar River. Recognizing the low Gross Enrollment Rate (GER) in higher education in Malappuram District, the college provides a serene atmosphere conducive to academic growth and facilitates healthy practices for the holistic development of students, nurturing both intellectual and personal growth.

2.1 Historical Development

The college had a modest beginning in 1995 with 72 students enrolled in three undergraduate programs: BSc Computer Science, BSc Mathematics, and BA English Literature. In 1999, the government sanctioned a BSc Physics course. The college achieved a milestone in 2000 with the introduction of a postgraduate MSc Computer Science program. In 2003, an MA English course was added, followed by MSc Physics and MSc Mathematics in 2004, all in the unaided sector. In 2006, a BCom course with Computer Application was introduced in the self-financing sector, expanding into commerce. In 2013, BA Economics, MCom, and BA Islamic Finance (UGC-funded) were launched. In 2014, the UGC granted two vocational courses: BVoc Broadcast Journalism and BVoc Software Technology. In the 2021-22 academic year, the Government of Kerala sanctioned a dual-core BA program in Communication & Media - History. The college is managed by the Muslim Educational Association (MEA), formed in 1994, with Jamiyyathul Mujahideen, Areekode (established 1944), as its parent body.

3. Objectives and Social Commitment

Sullamussalam Science College was founded to provide quality education to backward minority communities in rural Malabar, particularly Malappuram District, with a focus on value-based education. Despite various constraints, the college has triumphed in its objectives and is now on stable footing, venturing into new avenues of higher education. The Parent-Teacher Association (PTA) is highly active, supporting the development of basic student facilities. The college remains committed to its social responsibilities, undertaking charity activities in the surrounding community. A notable initiative is the 'A House A Year Scheme,' which has completed the construction of six houses for poor families in the neighborhood, with keys handed over to beneficiaries. The college's NAAC accreditations—B+ in 2005, A-level in 2014, and A-level in 2020—highlight its sustained commitment to quality education.

4. Leadership and Governance

7. Academic Programs

7.1 Undergraduate Programs (FYUGP, 2024-2025 Onwards)

Starting in the 2024-2025 academic year, the college offers seven Four-Year Undergraduate Programmes (FYUGP) under the Calicut University Four-Year Undergraduate Programme (CUFYUGP) framework, designed for flexible academic pathways:

- BA English Language and Literature Honours

- BA Economics Honours

- BA Communication & Media - History (Double Major, Honours in Journalism or History)

- BSc Computer Science Honours with Research (specializing in Artificial Intelligence and Machine Learning)

- BSc Physics Honours

- BSc Mathematics Honours

- BCom Finance Honours (self-financing)

Each program requires 133 credits, with five academic pathways:

1. **Single Major (Pathway 1)**: 68 credits (17 courses) for the major, 24 credits (6 courses) for minor/other disciplines, 39 credits (13 courses) for foundation courses (AEC, MDC, SEC, VAC), 2 credits for internship.

2. **Major with Multiple Disciplines (Pathway 2)**: 68 major credits, 12 credits each for two additional disciplines (24 credits total), 39 foundation credits, 2 internship credits.

3. **Major with Minor (Pathway 3)**: 68 major credits, 16 minor credits (4 courses), 39 foundation credits, 2 internship credits.

4. **Major with Vocational Minor (Pathway 4)**: 68 major credits, 24 vocational minor credits (6 courses), 39 foundation credits, 2 internship credits.

5. **Double Major (Pathway 5)**: 48 credits (Major A, 12 courses), 44 credits (Major B, 11 courses), 24 minor credits distributed between majors, 12 foundation credits, 2 internship credits.

7.2 Postgraduate Programs

- MSc Computer Science
- MCom
- MA English
- MSc Mathematics
- MSc Physics

7.3 Doctoral Research Programs

Coordinated by Research Nodal Officer Dr. KP Mohammed Basheer (9633913396), Ph.D. programs are offered in:

- **Computer Science**: Supervisors: Dr. Muhammed Ilyas (9946228676), Dr. KP Mohammed Basheer (9633913396), Dr. Binu P. Chacko (9497316534)

- **Malayalam**: Supervisor: Prof. (Dr.) Haskerali E.C (9895092330)

- **Mathematics**: Supervisor: Dr. Sameeha Rehmani (9446161226)

- **History**: Supervisor: Dr. P. Musthafa Farook (9495075654)

8. Curriculum Structure

8.1 Foundation Courses

All FYUGP students must complete 39 credits from 13 General Foundation Courses:

- **Ability Enhancement Courses (AEC)**: 4 courses, including English Language Skills (AEC1, AEC3 by English Department) and Additional Languages (AEC2, AEC4: Arabic, Malayalam, Hindi).

- **Multi-Disciplinary Courses (MDC)**: 2 courses (MDC1 in Semester I, MDC2 in Semester II) in disciplines other than the major, e.g., Print Narratives, Security Trading Practices, Physics in Daily Life.

9. Library and Resources

The college's well-equipped, fully computerized library operates from 8:30 am to 5:00 pm, offering a vast collection of valuable references, e-books, e-journals, and videos through a digital library. It provides digitalized question banks and access to over one lakh e-resources via the National Library and Information Services Infrastructure for Scholarly Content (NLIST) using usernames and passwords. The Online Public Access Catalogue (OPAC) enables efficient searching of library documents. A dedicated CGC Corner supports preparation for competitive exams like Civil Service, UGC-NET, MBA, MCA, and PSC & UPSC, with over 1,000 books, open daily except Sundays. The library offers reprographic services for copying resources and external materials. URKUND software is used to detect plagiarism, generating similarity reports. Orientation programs inform the college community about library resources and services, particularly for new members.

9.1 Library Rules

- Open 8:30 am to 5:00 pm on working days, including Saturdays.

- All students and staff can become members by submitting an application form.

- Members must present library cards to borrow books, which must be returned within 14 days (late returns incur a Rs. 1/day fine).

- Library materials must be handled with care; damage or loss requires compensation per government orders.

- Students must return library cards before obtaining final semester exam hall tickets and need library clearance for transfer certificates.

9.2 Library Advisory Committee

The committee includes:

- Chairman: Dr. Muhammed Ilyas

- Coordinator: Abdul Kader K.M
